

## Good Business deserves great support.

Grow your business with Dell and Ingram Micro; products, service, support, & marketing.

# The Loyalty Program for Registered Partners.

The Loyalty Program for Registered Partners is a brand new loyalty program from Dell, offering a unique approach to being rewarded when purchasing through Distribution.

Any Dell Accredited Resellers will earn Marks for their purchases through Distribution and these Marks can be exchanged for a number of business benefit rewards such as an E-Voucher to spend with their chosen Distributor.

### Basic rules of the program:

- Select Ingram Micro as your chosen distributor
- All Marks need to be redeemed at once with this one selected Distributor (at least \$12.5)
- The local currency will be displayed based on Dell's current quarter hedge rate (meaning the value of the Marks will change quarterly based on this)
- The E-Voucher will then be emailed to you

Below are the eligible products and their Marks value. \*1 Mark is estimated to equal \$1. You will be unable to redeem your Marks from the program until you have registered and accepted the terms and conditions.
